

2026 Poweshiek Democratic Party Platform

Ratified by County Convention on March 21, 2026

Preamble

The principal concern of the Democratic Party remains the well-being of all the people. This concern is based upon the promise in the Declaration of Independence that all “are created equal, that they are endowed by their creator with certain inalienable rights; that among these are life, liberty and the pursuit of happiness.”

As Poweshiek Democrats:

We support responsible stewardship of the earth’s resources, including clean air, clean water, and renewable energy.

We believe in tax fairness, where everyone is taxed progressively according to income and wealth.

We support campaign finance reform as a matter of principle to reduce the undue influence of special interests and to eliminate the potential bribery of elected officials.

We believe that quality education should be made available to all.

We believe that it is past time to solve the problems of healthcare in our country.

We defend the right of workers, farmers, and merchants to organize to achieve a sustainable income and fair working conditions.

We would end discrimination based on race, religion, sex, sexual orientation, gender identity, occupation, national origin, veteran status, age, disability, or ethnic identity.

We support the local and independent ownership of livestock and grain farms.

Agriculture, Environment, and Energy

We support:

1. Locally owned, mid-size family farms raising row crops and livestock.
2. Farms that market directly to consumers.
3. Incentives for farmers to grow food that Americans consume rather than bailouts to farmers for growing food for China that they do not purchase.
4. A statewide moratorium on new or enlarged concentrated animal feeding operations (CAFOs) until fewer than 100 of Iowa's waterways are impaired.
5. A revision of rules and regulations used to oversee CAFOs, used in all counties, with the aim of minimizing their negative ecological and health impacts.
6. Taxing CAFO buildings at commercial rates.
7. The immediate elimination of pollution control property tax exemptions for animal confinements, including poultry.
8. Updating all base acres and yields to reflect current data.
9. The Farm Service Agency using grain producers' costs of production in setting loan collateral terms.
10. The development of infrastructure to support the expansion of and industrial use of crops that expand the range of production beyond corn and soybeans.
11. No tilling or application of fertilizer on soybean fields after harvest unless seeded to a cover crop and having a buffer strip next to moving waters.
12. Policies promoting local and organic foods in schools and public institutions, including permanent funding of the Local Foods Initiative.
13. Financial assistance to facilitate the creation of local hubs that are cooperatively owned and operated by local food producers.
14. Tax and financial incentives for new state-inspected *local* meat processing plants, including mobile slaughtering units.
15. Reinstating and increasing funding for the Leopold Center for Sustainable Agriculture.
16. The Environmental Quality Incentives Program (EQIP) with benefits targeted to soil conservation and to non-confined animal operations.
17. An increase in the capacity of our municipal water treatment plants.
18. Reinstating the IOWATER Testing Program.
19. Funding for the Land and Water Legacy Trust as established by a

constitutional amendment without decreasing funding from other sources, and assessing vertically integrated corporations a per-head fee for animals placed on Iowa farms, using the proceeds to fund the Trust.

20. Establishing an Iowa Environmental Quality Act that protects the natural environment and species within.
21. Increased soil and water conservation and improved quality of our waterways through tighter regulations on buffer zones along water ways and fully funding enforcement agencies.
22. Using the Conservation Stewardship Program to adequately pay for carbon sequestration on working land thereby encouraging no-till and cover crops.
23. Promoting land use ordinances that protect tillable land and eliminating subsidies for new development.
24. Seeding both sides of four miles of Poweshiek County roadside with native grasses and wildflowers every year.
25. Maintaining the Forest Reserve Program as it presently stands.
26. Continued state and federal support of the production of alternative, renewable, and sustainable clean energy sources.
27. Increased renewable energy production in Iowa to 100% by 2040.
28. Iowa Utility Board regulations of community and individual/cooperative-owned renewable energy.
29. Reductions to net zero emissions by 2060.
30. Policies that encourage responsible environmental practices that require industries to internalize the cost of pollution.
31. A cap on carbon emissions and progressive fines above this cap.
32. Recycling.
33. An update to recycling labels to reflect the plastics that can actually be recycled.
34. Increasing the redemption value for beverage containers including an expansion of container types.
35. Reduction of single-use plastics.
36. Development of chemical feedstocks from renewable sources.
37. Increasing direct funding for research into the conversion of biomaterials into chemical feedstocks to replace the petroleum presently used for chemical feedstocks.
38. Enacting a check-off on the state income tax to fund the Iowa Natural Resources and Outdoor Recreation Trust Fund.

We oppose:

39. Incentivizing the use of animal fertilizer in the Conservation Stewardship Program.
40. Packer ownership of livestock.
41. Consolidation of land in fewer hands, even if the land is still owned by “family farms.”
42. Foreign and/or non-farm corporate operations participating in farm income support programs.
43. Hunting with lead shot.
44. Building new coal-fired plants in Iowa.
